

## Watt's Next? New Players, Products and Peers

Eurelectric Power Summit  
4-5 June 2018 – Ljubljana

Eurelectric's Annual Power Summit is the leading forum where the power sector's ecosystem connects, offering unique networking opportunities for European and international power sector executives as well as business stakeholders and partners alike.

The 2018 Summit in Ljubljana will focus on four distinct themes:

- **Changing Times... Changing Mind-Set**
- **Shape your Business**
- **New Frontiers of Electrification**
- **Engage The Customer**

Business disrupters and industry captains will challenge the mind-set of power sector leaders and will trigger participants to look into the future. What is the potential of increased use of digital platforms across the energy system? What does it take for industry players to integrate sustainability objectives as ultimate business goals? How will the accelerated decarbonisation of electricity speed up the decarbonisation of other sectors? What solutions will future energy companies offer to enhance consumer relationships and engagement?

These are just some of the key items that will be tackled over the two day event by high-calibre speakers in a mix of keynote speeches, interactive panel discussions and live demonstrations of new and upcoming products and technologies.

As in the past, particular prominence will be given to the **industry awards** as an integral part of the programme. This year's programme will include a side event on the energy transition investment challenges in **South-Eastern Europe** and an exclusive site visit to a **Hydropower Plant**.

An **Energy Innovation Space** will also complement the event giving the opportunity for innovative energy start-ups to meet and engage with established industry leaders and pitch projects.

Several **social networking events** are also foreseen over the two day summit.

**Always use the official hashtag #wattsnext'**

Mention the Twitter account [@eurelectric](https://twitter.com/eurelectric) and [LinkedIn page](#) of eurelectric

## Monday 4 June 2018

9.00-9.30 **Welcome & Opening**

9.30-12.30 **Session I: Changing Times... Changing Mind-Set**

The ecosystem of the power sector is changing exponentially. What actions do leaders of change think the sector should take to realise a sustainable energy future? What business models, organisational structures, technologies and mind-set should the power sector adopt to meet the future successfully? How will companies survive disruption?

12.45-13.30 **Press Conference**

13.45-16.30 **Session II: Shape Your Business**

### **Session A – Digitalise it!**

The use of digital platforms across the energy system will help deliver enhanced user experience and more resource-efficient industrial processes. What's the value of an increased digitalisation across the value chain? How will it contribute to deliver customer engagement, industry integration and efficiency?

### **Session B – Flex the Future!**

As society electrifies, distributed renewables and demand response will play a greater role in the accelerated clean energy transition. Flexibility and storage solutions thus become key pillars in the energy system. What key solutions must be found to satisfy the ever increasing flexibility needs of the system?

### **Session C – Embed Sustainability!**

The switch to electricity brings immediate and tangible improvements for future cities, communities and rural areas. How can industries translate sustainable objectives into business goals? What sustainable urban solutions are energy companies developing? How do they generate an economic impact for the growth and durability of our business and society?

19.00-23.00 **Gala Dinner** for all participants

## Tuesday 5 June 2018

9:10-12.00 **Session III: New Frontiers of Electrification**

Our sector's commitment to carbon neutrality well before mid-century presents an invaluable opportunity to decarbonise other sectors of the economy. Adopting a cross-sectoral approach will add value to Europe's efforts to achieve a cost-effective decarbonisation across the entire economy. What do other sector partners think of this opportunity? What state-of-the-art e-mobility solutions are out there? Which cross-sectoral business models can be implemented to deliver efficient electrification in key sectors such as transport and heat?

13.15-13.45 **Awards Ceremony**

13.45-15.15 **Session IV: Engage The Customer**

Transforming the European energy system will see accelerated use of renewable energy, digitalisation, demand side response and smart grid reinforcement. These will function as key platforms and enablers for customers, cities and communities to enhance their role in the energy transition. As the energy world becomes increasingly digitalised, what cutting edge retail products are being developed to engage consumers to reduce costs and improve their environmental footprint? How will energy companies of the future develop and enhance consumer relationships and experiences?

15.15-16.15 **Panel Debate**

16.15-16.30 **Concluding Remarks**

## Side Programme

Tuesday am Side event on 'Transforming the present – energy transition investment challenges for South-East Europe'

Tuesday am Hydro side event including a site visit to the brand new run-of-river power plant Brežice

## Side Programme of the Energy Innovation Space

Mon - Tue A dedicated programme to innovation where start-ups meet established players to pitch projects and find matches

Monday 4 June 2018

8.00–9.00 Registration & Coffee in the Exhibition Area

9.00 Welcome & Opening

Welcome to the Power Summit

**Francesco STARACE**  
President of Eurelectric & CEO of Enel

Welcome Address

**Peter GAŠPERŠIČ** ([read more](#))  
Minister of Infrastructure of Slovenia

9.30 Session I: Changing Times... Changing Mind-Set

Master of Ceremony:  
**Kristian RUBY**, Secretary General of Eurelectric

9.30–10.00 Building a Sustainable Future

**Daan ROOSEGAARDE**  
CEO of Studio Roosegaarde

10.00–10.30 Dispatches from the Front Lines of Innovation

**Chris BRAUER**  
Director of Innovation in the Institute of Management Studies (IMS) at Goldsmiths, University of London

Q&A with Keynote Speakers

10.45–11.15 Coffee Break in the Energy Innovation Space

11.15–12.45 **Panel Discussion: Addressing the Future Megatrends with The Right Mind-Set**  
introduced by electronic voting, Gregorio OGLIARO, Utilities Managing Director (Digital Grid in EALA), Accenture

**Francesco STARACE**  
President of Eurelectric & CEO of Enel

**Pekka LUNDMARK**  
President & CEO of Fortum

**Leonid MUKHAMEDOV**  
Executive Vice President of Europe Operations, Schneider Electric S.A.

**Jerome PECRESSE**  
President & CEO GE Renewable Energy

12.45–14.00 Lunch in the Energy Innovation Space

12.45–13.30 Press Conference

		Session A Digitalise it! (Sponsored by ORMAZABAL)		Session B Flex the Future! (Sponsored by Uniper)		Session C Embed Sustainability! (Sponsored by PKEE)	
Masters of Ceremony		Stephen WOODHOUSE Chief Digital Officer of Pöyry		Albert CHEUNG Global Head of Analysis at BNEF		Laura STORM Founder – REGENERATORS	
14.00–14.15	Keynote	Steven MARTIN Chief Digital Officer, GE Power		Keynote	Axel WIETFELD Managing Director of Uniper Energy Storage GmbH	Setting the Scene	Laura STORM Founder – REGENERATORS
14.15–14.30	The Most Successful Energy Company of the Future won't own Power Plants?	Christian FEISST CEO of Greencom-networks Ana Maria ALONSO GONZALEZ Managing Business Development B2C at EDP		How Can Companies Unlock More Value from Flexibility in the European Electricity System?	Sander van GINKEL Managing Director Strategy Utilities, Accenture	Creating and Designing a Sustainable Future	Sinus LYNGE Partner, MAA M.Arch, Effekt.dk
14.30–15.15	Panel Discussion: Decentralise and Digitalise, the Future of Distributors			Panel Discussion (including above speakers) introduced by electronic voting, Gregorio OGLIARO, Utilities Managing Director (Digital Grid in EALA), Accenture		Panel Discussion: Leadership in Sustainability, What does it take?	
	Lowina LUNDSTROM Senior Vice President, Ellevio	Javier ORMAZABAL President & CEO of Ormazabal		Christian WEEKS Vice President & General Manager of Flexibility, Solutions EnerNOC	Jean-François CONIL-LACOSTE Chair of the Management Board EPEX SPOT	Alistair PHILLIPS-DAVIES Vice President of Eurelectric CEO of SSE	Filip GRZEGORCZYK CEO of Tauron Polish Energy PKEE Vice-President
	Knud PEDERSEN VP in Ørsted & Chairman of the Board for Radius, Co-chair of Eurelectric DSO Committee	Leonhard BIRNBAUM Member of the Board of Management, E.ON SE		Kerstin PIENISCH International Business Developer Next-Kraftwerke		Felice ZACCHEO Head of Sustainable Energy and Climate Change, DG DEVCO, EC	
15.15– 15.45 Coffee break in the Energy Innovation Space							
		New Market Places Connecting New Players with New Products		Thermal & Pumped Storage Solutions, the Unknown and Undervalued Flexibility Diamonds		Sustainable Solutions Showcases Panel Discussion chaired by Laura STORM & Alistair PHILLIPS-DAVIES	
15.45	Market Places of the Future	Alexander WOITAS Principal Consultant at Lumenaza		ETES: Energy Storage to the Next Level	Hasan ÖZDEM Head of Technology Management Siemens Gamesa	Sustainable Architecture	Sinus LYNGE Partner, MAA M.Arch, Effekt.dk
16.00	Panel Discussion (including above speaker): introduced by electronic voting, Gregorio OGLIARO, Utilities Managing Director (Digital Grid in EALA), Accenture			Panel Discussion (including above speaker)		A Spectrum of Sustainable Solutions	Diego PAVIA CEO of KICInnoEnergy
	Valery MIFTAKHOV CEO of E-Motorwerks	Nikolaj MARTYNIUK CEO & Cofounder of WePower		Frauke THIES Executive Director - smartEn	Karl Heinz GRUBER Chairman Strategic Forum Hydro, VGB; CEO of VERBUND Hydro	The Future of City Transport starts now with shared mobility	Gregory DUCONGÉ CEO of Vulog
	Pat O'DOHERTY Chief Executive of ESB			Matjaž MAROVČ CEO of HSE		Fortum HorsePower – Energy from Horse Manure	Anssi PAALANEN VP, HorsePower at Fortum

Tuesday 5 June 2018

9.00-9.15

Welcome Day 2

**Kristian RUBY**  
Secretary General of Eurelectric

## Session III: New Frontiers of Electrification

Master of Ceremony:

**Sandrine DIXSON-DECLEVE**, Senior Advisor & Facilitator, Sustainability & Low Carbon Solutions

9.15-9.35

**A Clean Europe – Powering People: Study Presentation**

**Kristian RUBY**  
Secretary General of Eurelectric

9.35-9.50

**Connecting an all-electric World**

**Ralf CHRISTIAN**  
CEO of Siemens Energy Management Division

9.50-10.45

**Panel Discussion: Opportunities for Electricity across Transport, Heating and Industry**  
introduced by electronic voting, Gregorio OGLIARO, Utilities Managing Director (Digital Grid in EALA), Accenture

**Magnus HALL**  
Vice President of Eurelectric  
CEO of Vattenfall

**Artur RUNGE-METZGER**  
Director of Climate Strategy, Governance and Emissions from non-trading Sectors, EC

**Jesse SCOTT**  
Deputy Secretary General of Eurogas

**Marcel GALJEE**  
AkzoNobel Industrial Chemicals B.V  
Member of CEFIC Energy Committee

**Dries ACKE**  
Director, Energy Systems Programme  
European Climate Foundation

**Fabricio PROTTI**  
Chief Coordination Officer of Bollore Transport & Logistics and Managing Director of Blue Storage

10.45-11.15

Coffee Break in the Energy Innovation Space

11.15-12.00

**Advancing E-Mobility Solutions**

**Keynote Speeches**

Presentation by:

**Francesco VENTURINI**  
Chairman and CEO of Enel X

Presentation by:

**Francisco CARRANZA**  
Managing Director, Nissan Energy

Presentation by:

**Jannicke HILLAND**  
CEO of BKK

12.00-12.30

**Panel Discussion: Will the Clean Transport Package drive e-Mobility? (including above speakers)**

**Greg ARCHER**  
Director, Clean Vehicles, T&E

**Artur RUNGE-METZGER**  
Director of Climate Strategy, Governance and Emissions from non-trading Sectors, EC

**Elias POYRY**  
Chair of Eurelectric WG Electro-mobility  
CBO and Co-Founder of Virta Ltd

12.30-13.15

Lunch in the Exhibition Area

Tuesday 5 June 2018

13.15-13.45 **Presentation of Eurelectric Awards**

Master of Ceremony:  
Katarina UHEROVA-HASBANI, Founder, EnRupt

Scholarship Award in Memoriam of Ana AGUADO

**Eurelectric Innovation Award**

CEO of Start-up 1  
CEO of Start-up 2  
CEO of Start-up 2

13.45 **Session IV: Engage The Customer**

Master of Ceremony: Wytse KAASTRA, Managing Director – Utilities Netherlands & Energy Consumer Services EALA, Accenture

13.45-14.00 **The New Energy Consumer**

**Tom ROWLANDS-REES**  
Head of Energy Smart Technologies at BNEF

14.00-14.15 **Getting to know your Customers**

**Guy CHAMPNISS**  
Vice President, Insight & Outreach, Enervee Corp. (US)  
Visiting Professor, IE (Spain)

14.15-15.15 **Panel Discussion: A New Breed of Energy Suppliers and Energy Consumers? (including above speakers)**  
introduced by electronic voting, Gregorio OGLIARO, Utilities Managing Director (Digital Grid in EALA), Accenture

**Aitor MOSO**  
Director of Iberdrola Liberalised Business

**Breda KUTIN**  
President of Slovenian Consumers' Association (Zveza Potrošnikov Slovenije) - ZPS

**Thorarinn AEVARSSON**  
CEO of IKEA Iceland

15.15-15.45 **Coffee Break in the Energy Innovation Space**

15.45-16.30 **Panel Discussion: Corporate Sourcing of Clean Energy**

**Christian RYNNING-TØNNESEN**  
President & CEO, Statkraft AS

**Zoisa WALTON**  
Director, Business of Octopus Energy

**Leonhard SCHITTER**  
President of Oesterreichs Energie

**Bruce DOUGLAS**  
Deputy CEO, SolarPower Europe / Coordinator, RE-Source Platform

16.30 **Concluding Remarks**

**Francesco STARACE**  
President of Eurelectric & CEO of Enel

16.45 **End of Summit**
